

CLEARPROOF®

THIN FILM

Optically-clear, thin ClearProof Film. It delivers you a colour gamut as wide as the ClearProof Film. Suitable for packaging proofing, specially for colour-critical proofs. This easily-foldable film allows you to make flexible packaging mock-ups, for example thin plastic frozen food bags.

Specially designed for use in Stylus Pro WT7900

Features	Application
Quick drying (15 min). No fan required	Colour proofing for transparent packaging
High ink absorption; high image quality & density	Mock-up for transparent packaging
Easy handling	
High opacity prints with white ink	
Cost / time saving versus traditional methods	

Specifications	
Roll sizes	24" (610mm x 30.5m) C13S042408
	17" (432mm x 30.5m) C13S042407
Base material	Clear PET Film
Ink compatibility	Ultrachrome® HDR inks incl. white
Basis weight without (with separator)	95 g/m² (148 g/m²)
Thickness without (with separator)	70 µm (112 µm)
Transparency	88%
